Commissioner

Peter B. Rockholz, MSSW, Deputy

You are entitled to be treated in a humane and dignified way at all times, and with full respect to:

- ❖ Personal Dignity
- ❖ Right to Privacy
- ❖ Right to Personal Property
- ❖ Civil Rights

You have the right to freedom from physical or mental abuse or harm; You have the right to a written treatment plan that is developed with your input and suited to your own personal needs, goals and aspirations; You should be informed of your rights by the institution, agency or program. In addition, a list of your rights must be posted on each ward of a hospital.

Other rights you have include:

Humane and dignified treatment: You have the right to receive humane and dignified treatment at all times and with full respect to your personal dignity and privacy. A specialized treatment plan shall be developed in accordance with your needs. Any treatment plan shall include, but not be limited to, reasonable notice of discharge, your active participation in and planning for appropriate aftercare. (See CGS 17a-542)

Personal Dignity: While in an inpatient facility, you have the right to wear your own clothing, to maintain your own personal belongings (given reasonable space limitations) and to be able to have access to and spend your own money for personal purchases.* Except for patients in Whiting Forensic Division, you have the right to be present during any search of your personal belongings. Any exception to these rights must be explained in writing and made a part of your clinical record. (See CGS 17a-548)

Privacy & Confidentiality: You have the right to privacy & confidentiality. Records that would identify your person, manner of treatment or your diagnosis cannot be given to any other person or agency without your written consent. All records maintained by the courts [as they relate to a recipient's treatment] shall be sealed and available only to respondent or counsel.* No person, hospital, treatment facility nor DMHAS may disclose or permit the disclosure of the identity, diagnosis, prognosis or treatment of any service recipient that would constitute a violation of state or federal statutes concerning confidentiality.* (See CGS 17a-500, 17a-688, 52-146f and 42 CFR part 2)

Physician's Emergency Certificate & Commitment: You, your advocate or counsel, can find out more about what Commitment procedures apply by reviewing the appropriate statutes. All persons admitted through a Physician's Emergency Certificate have the right, upon request, to a Probable Cause hearing within 3 business days from admission. All voluntarily admitted patients shall be informed, upon admission, of their ability to leave after three days notice. Any voluntarily confined patient shall not be denied his or her request to leave within three days notice in writing unless an application for commitment has been filed in a court of competent jurisdiction. Different statutes apply depending on your placement in addictions treatment or for a psychiatric disorder. (See CGS 17a-495 et seq.; 17a-502; 17a-506; 17a-682 to 17a-685, 54-56d)

Visiting and Communication Rights: You may receive visitors during scheduled visiting hours. You have the right to visit with and may have private conversations with clergy, attorneys or paralegals of your choice at any reasonable hour. Facilities may reasonably maintain rules regulating visitors. Mail or other communications to or from a service recipient in any treatment facility may not be intercepted, read or censored.* Any exceptions to rights regarding communications must be explained in writing, signed by the head of the facility (or designee) and made a part of your clinical record. (See CGS 17a-546, 17a-547)

Access to Your Medical Record: You or your attorney may have the right, upon written request, to inspect your hospital records. Unless your request is made in connection with litigation, a facility may refuse to disclose any portion of the record which the mental health facility has determined would create a substantial risk that you would inflict a life threatening injury to self or others, experience a severe deterioration in mental state,* or would constitute an invasion of privacy of another. (See CGS 17a-548, 52-146f)

Restraint & Seclusion: If conditions are such that you are restrained or placed in seclusion, you must be treated in a humane and dignified manner. The use of involuntary seclusion or mechanical restraints is allowed only when there is an imminent danger to yourself or others. Documentation of reasons for these interventions must be placed in your clinical records within 24 hours. Medications cannot be used as a substitute for a more appropriate treatment. (See CGS 17a-544)

Remedies of Aggrieved Persons: If you have been aggrieved by a violation of sections 17a-540 to 17a-549 you may petition the Superior Court within whose jurisdiction you reside for appropriate relief. (See CGS 17a-550)

Disclosure of Your Rights: A copy of your rights shall be prominently posted in each ward where mental health services are provided. (See CGS 17a-548)

Medication, Treatment, Informed Consent & Surgical Procedures: You, your advocate or counsel, can find out more about what procedures apply by reviewing the appropriate statutes (see CGS 17a-543a-j). If you have been hospitalized under any sections of 17a-540 to 550, you shall receive a physical examination within 5 days of admission and at least once every year thereafter. Reports of such exams must be entered into your clinical record. (See CGS 17a-545). No medical or surgical procedures, no psychosurgery or shock therapy shall be administered to any patient without such patient's written informed consent, except as provided by statute.* A facility may establish a procedure that governs involuntary medication treatments but any such decision shall be made by someone not employed by the treating facility and not until the patient's advocate has had reasonable opportunity to discuss such with the facility.* If a facility had determined to administer involuntary medication pursuant to statute, the patient may petition the Probate Court to hold a hearing to decide whether to allow this intervention. Notwithstanding the provisions of this section (17a-540 to 550) if obtaining consent would cause a medically harmful delay, emergency treatment may be provided without consent. (See CGS 17a-543a-f)

Denial of Employment, Housing, Etceteras: You cannot be denied employment, housing, civil service rank any license or permit (including a professional license) or any other civil or legal right, solely because of a present or past history of a mental disorder, unless otherwise provided.* (See CGS 17a-549)

Filing of Grievances: Recipients of DMHAS facilities or programs have the right to file a grievance if any staff or facility has: 1) violated a right provided by statute, regulation or policy; 2) if you have been treated in an arbitrary or unreasonable manner; 3) denied services authorized by a treatment plan due to negligence, discrimination ...or other improper reasons; 4) engaged in coercion to improperly limit your treatment choices; 5) unreasonably failed to intervene when your rights have been jeopardized in a setting controlled by the facility or DMHAS; or 6) failed to treat you in a humane or dignified manner. (See CGS 17a-451-t[1-6])

Other Rights may be guaranteed by state or federal statute, regulation or policies which have not been identified in this list. You are encouraged to seek counsel to learn of or to better understand these laws and policies.

Many of the rights of service recipients in facilities in Connecticut are specified in sections 17a-540 through 17a-550 of the Connecticut General Statutes. There may also be other rights provided by other state and federal statutes as well as by case law, but the ones identified in 17a-540 through 17a-550 are specifically protected and must be adhered to by inpatient or outpatient facilities in Connecticut. These statutes apply to both voluntary and involuntary service recipients, unless otherwise provided.

In general, both public and private facilities are prohibited from depriving you of any of your personal, property or civil rights. These include the right to vote, to hold or convey property and contract, except in accordance with due process of law and unless you have been declared incapable pursuant to sections 45a-644 to 45a-662. Any finding of incapability should specifically state which civil or personal rights you are incapable of exercising.
