

Department of Children and Families
Credentialed Provider Self-Assessment Tool

Provider's name:

Date:

It is Department's hope that this Assessment Tool/questionnaire will help you to assess how your organization is performing in relation to specific components of services delivery, affirm strengths, and discover weaknesses. It can possibly help to identify needs you may have for technical assistance.

The document is not intended to be linear, therefore, the Department encourages you to refine goals and to examine the questions that hold the most meaning for you/your organization.

Organizations can respond in one of four ways to each indicator:

1. **Met** - All indicators marked as "Met" demonstrate that the organization has fulfilled an essential management need. However, the organization should review these indicators in the future to be sure that their management remains healthy in view of the many internal and external changes which constantly occur in all organizations.
2. ***Needs work** - An indicator that is marked as "Needs Work" implies that work has been done towards achieving this goal. The organization is aware of the need for this indicator, and is working towards attaining it.
3. ***Not Met** - the organization has not met, nor is working on this indicator presently, but will address it in the near future to meet a requirement
4. **N/A** - Indicators marked as "N/A" can mean several things, including:
 - the indicator is not applicable to the management operations of this organization
 - the organization is not sure of the need to meet the requirements of this indicator
 - the organization has not met, nor is working on this indicator presently, but may address it in the future
