Results from the Provider Survey

Please rank these services in the order you think they would address a need that is not being met
(4= highest priority, 1= lowest priority)

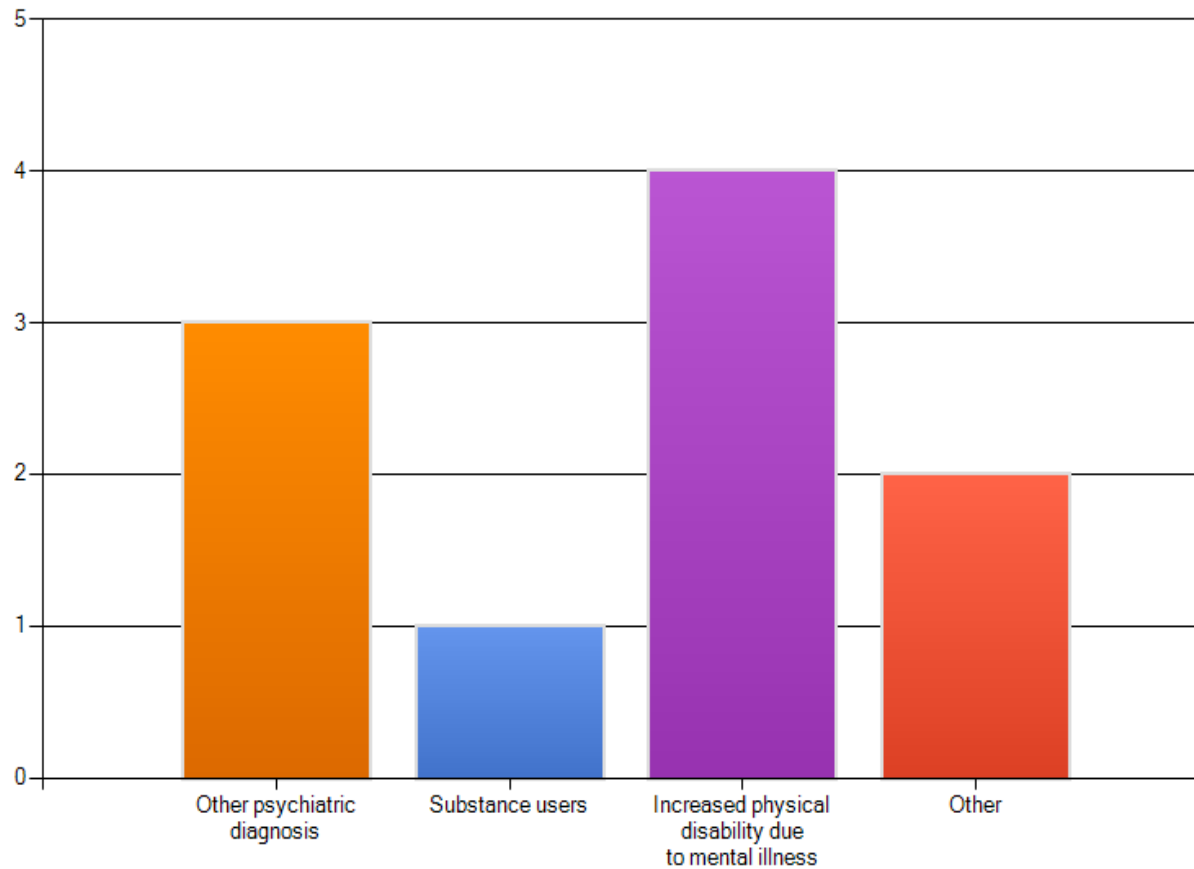

Provider Survey

How comfortable would you be changing Recovery Plan reviews from every 90 days (3 months) to every 180 days (6 months)? Change could still be made at any time during those periods.

Provider Survey

Are there any people you think could benefit from the Waiver that are not currently eligible?

HOMELESS WITH PSYCHAITRIC ISSUES

People already living in the community with mental health illnesses and not in the nursing homes

Client Forum

- Two locations

- New Haven

- Manchester

- Purpose is to provide updates on Waiver and ask for feedback for renewal
 - Suggestions (time, place, agenda)

RA Post Training

- Reminder of the requirement for RA's to receive training each year after their certification
 - Providers must keep record of 6 hours a year of training from the RA's cert date
 - Please view our website for more information

For more info on post education visit our website for more details.

Did you know....

Ludwig van Beethoven, composer, had bipolar disorder which some have said gave him such creative power that his compositions broke the mold for classical music forever. He was a child prodigy which his father tried to exploit. His "manic" episodes seemed to fuel his creativity

Virginia Woolf, the British novelist, born of privilege, experienced the mood swings of bipolar disorder
