

Non-Status Trip Policy

The failure to status a trip(s) after completion will come with three (3) warnings before consequences are enforced

- ABH will initiate a warning when we reach out to you to status a trip.
- Three (3) warnings may lead to the permanent removal of a student, at the discretion of SOOT staff.
- Each subsequent warning may lead to the removal of an additional student from your census.
- If you are experiencing an issue that is causing the driver and/or dispatcher to not be able to properly status a transport you must notify SOOT before we notify you about the unstatused trip.
